

**Keep me in the circle of your everlasting love.**

Keep me in the circle  
Keep me in the circle  
Keep me in the circle, that's the thing I'm dreaming of  
Keep me in the circle  
Keep me in the circle  
Keep me in the circle of your everlasting love.

I can feel your arms around me  
Keep me in the circle  
And I am so glad you found me  
Keep me in the circle of your everlasting love

When the devil tries to tempt me  
Keep me in the circle  
I know you will exempt me  
Keep me in the circle of your everlasting love

When I'm filled with sorrow  
Keep me in the circle  
I know there'll be a bright tomorrow  
Keep me in the circle of your everlasting love

When my life is filled with pain  
Keep me in the circle  
Your love buoys me up again.  
Keep me in the circle of your everlasting love

I was the lost and hopeless one  
Keep me in the circle  
Until I found your precious Son  
Keep me in the circle of your everlasting love

Keep me in the circle  
Keep me in the circle  
Keep me in the circle, that's the thing I'm dreaming of  
Keep me in the circle  
Keep me in the circle  
Keep me in the circle of your everlasting love.
